Table of contents

Executive summary

This document is an Analysis report, in where the requirements for a certain deliverable are analyzed in case there is ambiguity or they are not clear. In that case, they will be discussed with the corresponding lecturer, through the EV platform. Otherwise, the “content” section will show the text “intentionally blank”. This document has an executive summary, a revision table where there are versioned records, this introduction, the main content, and the conclusions of the report.

Revision table

Number	Date(dd/mm/yyyy)	Description
1.0	14/02/2024	Document done in its entirety, reviewed by peers. No major errors were found.

Introduction

The purpose of this document is to provide a detailed analysis report of the functional requirements of the first delivery of the project “Acme-SF-D01”, for the subject “Design and Testing 2”. More specifically, this document conforms to the supplementary requirements sections of the student #2 inside the “Managerial requirements” subsection.

Contents

Intentionally blank.

Conclusions

The analysis report for the functional requirements that were provided in the “contents” section proved satisfactory, as no discordance was needed to mend for this first delivery.
